

Print & Cut

Print We use the latest Eco-SOL digital ink jet large format printing process that can print on a multitude of different substrates (banners, vinyl, and ink jet paper). Enjoy seeing your high-resolution photographic images and graphics up to 54" wide in vibrant colors.

Cut Our versatile precision large format cutter uses a state-of-the-art cutting head. Cutting areas up to 54" are no problem and you can be sure that your job will be ready on time. We use the world's best alignment system and optical scanner that will get the job done right the first time.

Vinyl We have a complete selection of vinyl solutions for your communication needs. For outdoor signage, we use cast vinyl for durability and paint like applications. Ask us about using lamination to extend the life of your project. Compare the differences:

Cast Vinyl	Calendered Vinyl
<ul style="list-style-type: none"> • 5-7 Year Durability • Doesn't shrink over time • Keeps its vibrant colors • Stands up to UV rays • Only 2 mm thick allowing better application to contour surfaces • No exposed adhesive 	<ul style="list-style-type: none"> • 3 Year Durability • Best for indoor use • Great for flat surfaces • Lower costs • Many vibrant colors • Temporary solution • Thicker material—4mm

One-Stop ...Many Graphic Solutions

Vehicle Graphics

We use the very best materials such as the superior quality of high performance cast vinyl that can last up to 7 years with no shrinking, fading or cracking.

Fleet Vehicles are high profile assets providing an inexpensive way for you to advertise around the clock. Company vehicles are your representatives while on the road. Reach out to local and long distance markets with assets you already own.

Vision Print is "see through" printed clear film that allows you to turn your vehicle windows into prime advertising space. Call us for more info.

Full Wraps can bring an entirely new dimension to your corporate vehicles with this high exposure marketing tool.

Magnetic Signs are fast, inexpensive and versatile. For vehicles that you use both for business and personal affairs, magnetic signs can give you the flexibility you need.

Street Graphics will make a cool vehicle hot. Add distinctive graphics to pickups, SUVs, motorcycles and sports cars.

Interior/Exterior Signs

Graphic Communications offers a full line of interior/exterior signage that will enhance your company's profile to the public. Look at the many solutions that can meet your needs.

Interior Signs

- **Dimensional Lettering:** Manufactured on high-density foam with brushed or polished metal laminates
- **Directional Signs:** Made with 3M Vinyl on your choice of substrate
- **Informational Signs:** Diagrams, maps and schematics clarify the job
- **Suite Identification:** First impression with quality lettering and graphics

Exterior

- **Storefront:** Dimensional and Vinyl applications will position you as a leader
- **Site Signs:** Sturdy, temporary signs inform the community of projects in progress
- **Illuminated Signage:** 3M Translucent vinyl illuminates evenly with vibrant colors
- **Sign Systems:** Wall mount, One & Two Panel Systems, Frameless, Flush Face, Stackable Bar and more

Storefront & Window Displays

Promotional Graphics

Grand openings, lobby information and special events are just some of the reasons to use graphics to promote your company and services.

Vinyl Banners

Use **full color** printed banners for announcing new services, grand openings and other important events. There's no set up fee and we can reproduce photographic images with outstanding color and resolution.

Tradeshow Displays

Use our one-stop services for putting together a tradeshow presentation that will boost your exposure and credibility with high performance vinyl or Eco-SOL digital inks. Ask us about stands and other supports for easy set up.

Posters Signs

Promote special events and occasions with easy to operate easel style and wall mount poster signs. Flip-up and Slide-In Frames make changes a snap. Used with ink jet prints, it is an unbeatable combination.
